Medium Lint Roller - 8.6m x 10cmW  
 (Refills available)

Large Lint Roller - 13.7m x 16cmW  
 (Refills available)

## HOW TO USE

Simply remove the protective cover sheet and roll the lint roller over the item you wish to clean.

When the tape is full of debris and no longer sticky, just peel it from the roll, and tear it off to reveal a fresh new sticky layer.

## TO REFILL

1. Push in the locking tabs and slide the used roll from the roller.
2. Slide the new refill roll onto the roller until it locks into place.
