

ZEE'S[®]

Disposable Diapers

What size is right?

DIRECTIONS

1. Gently position your pet's tail through the hole and arrange the diaper to be positioned between the back legs.
2. Bring the tabs upwards around the pet's belly towards their back and secure the tabs so that
3. the diaper is a snug fit. You want the diaper to be snug to prevent leakage and prevent your pet from removing the diaper. You want the diaper to be snug to prevent leakage and prevent your pet from removing the diaper.

SIZING

It is recommended to measure your dog's waist in front of their back legs. Breeds suggested are only a guide. Always measure your dog prior to purchase.
