

Vortex Pet Fountain

Created by Pioneer Pet
Distributed by www.prestigepetproducts.com.au

The Pioneer Vortex Drinking Fountain has a vortex action that pulls debris (dirt, hair, etc) away from the drinking area. This fountain will automatically shut off when the water level is low. Water is continuously filtered through a charcoal filter keeping water fresh and clean. This fountain is dishwasher safe for easy cleaning.

FEATURES AND BENEFITS

- Circulating drinking water is naturally appealing to pets
- Vortex action pulls debris away from drinking area
- Replaceable charcoal filter for clean and pure, healthy water
