PLASTIC TOP FLOW SPOUT

Moving water attracts pets, encouraging them to drink, keeping them hydrated & healthy.

PLASTIC BASIN

80oz (2.36L) Capacity
Water flow helps maintain the bowl for maximum cleanliness.

USB POWER CORD

6' (1.82m) long cord
Safe, low voltage power supply
Easy-click disconnect allows cord removal for easy cleaning.

PUMP & FILTER HOUSING

Patent-Pending design hold filter & electric pump.
Premium replaceable charcoal filter cleans & purifies the water.

The Pioneer Swan Drinking Fountain has a tap inspired head which circulates drinking water in a naturally appealing way for pets.

This fountain is made from premium plastic that is BPA-free. Water is continuously filtered through a replaceable charcoal filter and flows like a faucet. This fountain is easy to clean and dishwasher safe.
